In our opinion it is the ideal graduation gift for girl or boy. In the first place it signifies the great occasion most appropriately. In the next place it will enable the recipient to continue his or her education in the happiest of circumstances — by photography at home or abroad, on excursions. ## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorously and cheerfully—such is the result of clean, sweet, healthy blood. If only every woman and like-wise every man could realize the wonders of the morning bath, both what a gratifying change would take place.

Instead of the thousands of sickly, semi-inert-looking men, women and girls with puffy or muddled complexions; instead of the multitudes of "nerve wrecks," "tiredness," "brain fags," and pessimists we should see a little optimistic throng of fresh-cheeked people everywhere.

An invigorating bath is had for drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations, and poisons, thus cleansing, invigorating and freshening the entire alimentary canal before putting those foot in the stone bath.

Those who suffer from headache, biliousness, rheumatism, asthma, colic, and particularly those who have a pallid, sallow complexion and who are constipated very often are urged to obtain a quarter pound of limestone phosphate at the drug stores which cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowel do. —Adv.

The program was artistic and pleasing from the opening number. "For the first time, danced by a group of twenty young girls in striking white uniforms, the leading favorite. The military step which formed the background of

the first part of the program was in distinct contrast to the beauty of fairyland which was a fitting setting for many aesthetic and classic dances in groups, in duos and singles, which followed in the afternoon.

Miss Lillian Tidham gave two solo canaries of unusual beauty and Miss Nina Deno was also favorite. The numerous clusters of flowers received by each solo dancer demonstrated the appreciation with which their dances were received.

Harold Hobell was the vocal singer and Miss Marjorie Bruner gave several enjoyable readings.

#### That I-Me-Myself Habit.

LIFE is the schoolmaster who forces us to learn our lessons from experience—bitter or pleasant, cruel. Several years ago, I met one of the most prominent citizens in this country and an event was I by the very introduction to him that I do not remember even finishing my conventional sentence of "Pleased to meet you." He was very kind and out of courtesy to Mr. Belasco, settled down to converse gradually with me.

The program was excellent and this was given to me when we parted.

"You have no idea how pleased I am that I met you," he said in all sincerity, and after I had gone, it was reported to me that he turned to the group standing near him and said:

"That young girl—and he said great emphasis upon his words—"is one of the cleverest young women I have ever met."

And thereupon I decided that in order to preserve an atmosphere of intelligence I should never try to talk upon any subject, unless I was acquainted with its many phases. Don't you think that we gain much more credit if we express our opinions frankly, even upon subjects in which they may be of material benefit to me?

To listen well is almost as much as to speak well, and this was proved to me when we parted.

### SON OF ITALIAN WAR MINISTER IS WOUNDED

WASHINGTON, May 22.—President Wilson's address on peace before the League of Nations, here this week will be delivered Saturday. It is understood it will be a development of his address at Charlottetown, N. S., yesterday when he said the chief object of the war stand still and that when you cannot overcome you must take cover.

There is no question in my mind that Oklahoma City will be greatly benefited by the furthering of our relationship with the country visited.

I was greatly impressed with the high type of business men that made up our party and the happy fellowship that existed throughout the trip.
